

**Drop-In ID:** OPDM-11.03.00.07-007

**Product:** IBM® InfoSphere® Optim™ Web Applications

**Release:** 11.3.0.7

**Problem ID:** IP24179

**Date:** May 5, 2019

**Description:** This iFix corrects the following problems:

- In Optim Manager, when viewing completed services the values in the *Client User* and *Run From* columns may be missing.
- In Optim Manager, when viewing queued services, the values in the *Elapse Time* column may incorrectly display a value even though the service has not yet started.
- After applying this iFix, Optim Manager will display the correct values for the *Elapsed Time*, *Client User*, and *Run From* columns for all services.

**Prerequisites:** IBM® InfoSphere® Optim™ Web Applications 11.3.0.7.20181027\_1625

**Co-requisites:** IBM® InfoSphere® Optim™ Designer 11.3.0.7.20181027\_1629  
OPDM-11.03.00.07-007

**Supersedes:** None

**Special Notes:** None

**OS Platforms:** All supported platforms: AIX, RedHat, Solaris, and Windows

**Corrective Actions:**

## Section I

If more than one iFix is found by Installation Manager, then all of them will be selected by default. Review each iFix and unselect any that you do not wish to install.

Ensure that all Optim components are not running before applying this iFix.

Continue through the Installation Manager Update wizard to apply this iFix.

- **Important**, This iFix is delivered as a complete Unified Optim war file. After installing this iFix, you must then manually deploy this war file in your Application Web Server.

How to uninstall the fix:

Ensure that all Optim components are not running before uninstalling any iFix.

Start IBM Installation Manager

Select the Uninstall option from the main Installation Manager window or menu.

Select the iFix you wish to uninstall.

Continue through the Installation Manager Uninstall wizard to remove this iFix.

This iFix will automatically be uninstalled if you upgrade to a new version.

- **Important**, When you use Installation Manager to uninstall this iFix, it does not remove it from your Application Web Server. You must manually remove this war file from your Application Web Server.
